

*Embassy of the United States of America
Port-au-Prince, Haiti*

Documentation Requirements:

Birth Documents

The Embassy strongly encourages submission of “Extraits de l’acte de Naissance”. If a “Minute de Naissance” or a late registered birth certificate is the only document available, and is submitted in support of the immigrant visa application, we recommend the additional submission of baptismal certificates and school reports. Applicants should be aware that the submission of a “Minute de Naissance” or late registered birth certificate will significantly delay processing at the Embassy.
