

## COMMEMORATIVE PASSPORT REQUEST

I am requesting that my passport be issued as the special commemorative passport design released in celebration of the 250th anniversary of the United States of America.

I understand and acknowledge the following:

1. My request is subject to availability, and the Department of State cannot guarantee issuance of a commemorative edition passport if supplies are exhausted at the time of processing. If the commemorative passport is no longer available, I will be issued the standard passport.
2. The fees, processing times, validity, and application requirements for the commemorative passport are the same as for a regular U.S. passport book.
3. Each application for a commemorative passport must have a request statement attached.

### ACKNOWLEDGEMENT

By signing below, I confirm that I am requesting the commemorative passport and that I have read and understand the above statements.

*\* A parent or legal guardian may sign for a child under age 16. You may sign using an electronic signature (draw, type, or insert image), or a handwritten signature in ink.*
