

## CONSULATE GENERAL OF THE UNITED STATES OF AMERICA MUMBAI, INDIA

### **Medical Examination and Vaccination Instructions**

#### **List of Approved Panel Physicians for:**

Andaman and Nicobar Islands, Andhra Pradesh, Arunachal Pradesh, Assam, Chhattisgarh, Dadra and Nagar Haveli, Dui and Daman, Goa, Gujarat, Jharkhand, Karnataka, Kerala, Lakshadweep, Madhya Pradesh, Maharashtra, Manipur, Meghalaya, Mizoram, Nagaland, Orissa, Puducherry, Sikkim, Tamil Nadu, Tripura and West Bengal.

The U.S. Consulate General in Mumbai has authorized only the physicians listed below to perform medical examinations for immigrant visa applicants in our consular district. **Please make arrangements for examination by any physician on the list at least seven days before your immigrant visa appointment.**

For each family member, you need to take the following things to your medical appointment:

- Original appointment letter
- Passport
- Four recent photographs
- All medical records, including regarding vaccinations, prior illnesses, or treatments. You must discuss your complete medical history and current medical conditions, including, but not limited to pregnancy, diabetes, hypertension, and other conditions and medications taken, with the physician

The physicians listed below are licensed to practice medicine in India, and the examination they give to visa applicants conforms to the standards prescribed by the United States Government. Any attempt by a visa applicant to influence the physician's examination or medical judgment will reflect unfavorably on the visa application.

**The physician may need four to seven days to prepare the results of the medical examination. You must collect the report from the physicians and bring it to the Consulate on the day of your visa interview.**

**The following fees (in Indian Rupees) have been authorized by U.S. Consulate  
General Mumbai, effective October 1<sup>st</sup>, 2016**

| Psychological Consultation | 2000             | 2000                  | 1000                           | 1500                       | 1500                               |

\*\*Adults 14 years and older: The examination includes the Physical Exam + Chest X-Ray + Venereal Disease Research Laboratory test + Gonorrhoea test + Tuberculosis test, screening, and any treatments required by the Technical Instructions.

\*\* Children up to 14 years old: The examination includes the Physical Exam + the Mantoux tuberculin skin test + Tuberculosis test, screening, and any treatments required by the Technical Instructions.

**The physicians who conduct medical examinations of visa applicants are required to verify that applicants have met certain vaccination requirements. If you have already received some or all of the required vaccinations, you should bring your previous vaccination records with you to your medical exam for verification and transfer to your international vaccination record.**

**Physicians at the panel sites listed below can determine which of the listed vaccinations are medically appropriate for you given your age, medical history, and current medical conditions, if any. Only vaccinations verified or administered at the panel sites listed below will be accepted by the Consulate.**

| <b>Vaccines (per single dose)</b>                                       |                  |  |                                     |                  |
