Total Grounds of Ineligibility: 433,137 203,132 3,804,717 834,910

Number of Applications: 1

298,017 177,902 3,742,047 830,177

The figures at the end of this table show totals of applications refused and refusals overcome. The total of applications refused does not necessarily reflect the number of persons refused during the year. One applicant can apply and be found ineligible more than one time in a fiscal year.

1 The total grounds of ineligibility may exceed the number of applications refused because one applicant may be found ineligible under more than one ground for refusal.

2 The total of ineligibilities overcome may not necessarily represent the same visa applicants found ineligible and recorded in the total of ineligibility findings. A visa may be refused in one fiscal year and the refusal overcome in a subsequent fiscal year. Each action will be separately recorded as part of the appropriate statistical report for the year in which it occurred. A refusal can be overcome by evidence that the ineligibility does not apply, by approval of a waiver, or by other relief as provided by law.

3 Listed total ineligibility findings pursuant to the 2017 E.O. on Immigration are not directly comparable to refusal counts provided in the Department of State’s Quarterly Report of Implementation of Presidential Proclamation (P.P.) 9645. Refusal statistics in the Quarterly Reports do not include applications subsequently issued, and are reported cumulatively from December 8, 2017, the date of full P.P. 9645 implementation, through the end of the stated reporting period, rather than by fiscal year as in Table XX above. Counts of monthly new subject applications provided in the Quarterly Reports include not only applications found ineligible on P.P. 9645-grounds, as above, but also those issued pursuant to an exception or waiver or refused on non-P.P. 9645 grounds.
