## Interview Guidelines

### Sending documents to the U.S. Consulate General in Mumbai

If your application requires additional documentation, you can submit the documents at any of our [11 document drop-off locations](#). **Do not** send documents to the consulate **by mail**.

If you are asked to personally return to the consulate with additional documents or information, you must schedule a new appointment online at [www.USVisaScheduling.com](http://www.USVisaScheduling.com). (Please select the **Embassy/Consulate Appointments** option).

### Rescheduling or cancelling your interview

If you cannot attend your appointment, please email [support-india@usvisascheduling.com](mailto:support-india@usvisascheduling.com). **There may be a long wait before the next available appointment**, so please try to attend the date you were assigned.

- For some family-based and employment preference visa categories, a visa became available within the month you have been scheduled by NVC.
- DV applicants should be aware that the number of visas is limited and must be issued by September 30 of the program year.
- **There is no guarantee that a visa will still be available on the date of your rescheduled interview.** Please carefully consult the [Visa Bulletin](#) before you ask to reschedule your interview.

**Please note:** *You need to register your original NVC/KCC appointment online before you can reschedule it. A rescheduled appointment can only be after your assigned date.*

### Security screening procedures

All visitors to the U.S. Consulate in Mumbai must follow certain security procedures. To avoid delaying your entry and that of those in line behind you, bring only what is required for your interview in an unsealed plastic bag or folder. Mobile phones and most purses and bags are not permitted. We do not provide a facility to store items.

### Accompanying persons

Attorneys are **not** permitted to accompany clients into the waiting room or to their interview.

These people may accompany a visa applicant to their interview:

- **Special Needs Visitors:** Applicants may bring ONE person to help if they are elderly, disabled, or a minor child (under age 18).

### Immigrant visa fees

If you have not paid all required fees to either the National Visa Center or through the appointment website, be prepared to pay them on the day of your interview.

Fees may be paid by submitting a rupee bank draft drawn on a national or foreign bank. The bank draft must be issued in the name of the **U.S. Consulate General Mumbai** and be payable in Mumbai. *Please note that if you are found ineligible to receive a visa, the application fee cannot be refunded.* A complete list of fees can be found at [travel.state.gov](http://travel.state.gov).

## Interview Guidelines

### **Do not make travel plans outside of India**

If your visa is approved, the consulate will keep your passport while we print the visa.

Receiving your passport:

- If you choose to receive your passport through Premium Delivery, you will receive an SMS and email when your passport is sent.
- If you choose to get your passport from a pick-up location, you will receive an SMS and email when your passport is ready. You must bring an original government-issued photo ID **and** a photocopy of the ID to collect your visa at the pick-up location you select online at [www.USVisaScheduling.com](http://www.USVisaScheduling.com) (see [Step 1](#)).

## After Your Visa Interview

A consular officer can only make a decision on a visa application after reviewing the formal application and interviewing the applicant.

- ***There is no guarantee that you will receive a visa.***
- Do not sell your house, car or property, resign from your job or make non-refundable flight or other travel arrangements until you receive your immigrant visa.

### If more information is needed

Sometimes a consular officer cannot make a decision on a visa application because they need to review additional documents or the case requires more administrative processing.

*When additional documents are requested*, the consular officer will give you a refusal letter that asks you to submit additional documents or take certain actions. The letter will include instructions about sending those documents to the consulate.

*Administrative processing* takes additional time after the interview. Most administrative processing is resolved within 60 days. However, the timing varies based on the circumstances of each case. Before inquiring about the status of administrative processing, please wait **at least** 60 days after your interview.

### What happens after visa approval

**Passport, Visa, and Sealed Immigrant Packet** – We will print your immigrant visa on a page in your passport. Please review your visa to make sure there are no spelling errors.

- In some cases, we will give you a sealed envelope containing documents that you must give to U.S. immigration authorities when you arrive in the United States for the first time. ***Do not open this envelope. You must carry it with you. Do not put it in your checked luggage.***
- If you receive X-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

**USCIS Immigrant Fee** – All individuals who are issued immigrant visas overseas must **pay an [Immigrant Fee](#)** to U.S. Citizenship and Immigration Services (USCIS) **before they travel** to the United States. This fee is for processing your residency status and printing your Permanent Resident Card. The only people who do not have to pay fees are: children entering the United States under the Hague Process, returning residents, and people traveling on a K visa.

**When You Should Travel** – You must enter the United States **before the expiration date on your immigrant visa**. Your visa cannot be extended and all fees are nonrefundable.

- The principal applicant must enter **before or at the same time** as other family members with visas.
- Unless they are eligible for benefits under the Child Status Protection Act, children who are issued a visa before turning 21 years of age must enter the United States **before** their 21<sup>st</sup> birthday to avoid losing their immigrant status.

↓ Continued on next page ↓

## After Your Visa Interview

**Getting a Green Card** – Your Form I-551 Permanent Resident Card (also called a green card) will be automatically mailed to the address in the United States that you wrote in your visa application form.

This is a very important document that proves you have permission to live in the United States.

- *If you plan to travel outside the U.S. **before** your green card arrives:* Consult the [USCIS](#) and [CBP](#) websites for rules about what documents you need to re-enter the country.
- We also recommend that you check with the airline to make sure you are within their rules.
- *Once your card is issued, do not stay outside of the United States for more than one year. If you do, you will lose your status as a Lawful Permanent Resident.*

**Children's Issues** – In the United States, children must have certain vaccinations before they can enroll in school.

Bring your child's complete vaccination records with you to the United States.

- If your child is adopted, you have full custody because of a divorce, or you share custody with another parent, bring a copy of all applicable adoption or custody papers from the court with authority in your home country.
- You will need these papers (translated into English) for issues such as school enrollment, medical care, and eventual citizenship.

**Information for New Immigrants** – Please visit the USCIS web page for helpful information about moving to the United States. You can read their publication [Welcome to the United States: A Guide for New Immigrants](#) online.

## Diversity Visa Applicants – Additional Information

If you are interviewing for a Diversity Visa (DV), all the above instructions apply to you. Schedule and attend a medical examination before your visa interview, enroll in the required courier service, and gather the required documents.

*The following instructions **only** apply to DV applicants.*

### **Bring to your interview**

In addition to the documents listed on the [Pre-Interview Checklist](#) in this package, DV applicants must bring these items to their visa interview:

- Appointment information printed from the **Entrant Status Check** on the [E-DV website](#).
- Documents showing that you have either a qualifying high school education **OR** two (2) years of qualifying work experience during the five (5) years immediately before the application (This applies only to the principal applicant.) More information is available at [travel.state.gov](#).
- Payment in cash of the \$330 Diversity Visa Application Fee for each visa applicant.

### **Review your DV Lottery entry**

Before your visa interview, review the data on your initial E-DV entry. On your initial E-DV application, your marital status must be correct.

- If you are legally married you must have listed your spouse, even if you are currently separated from him or her (unless your spouse is a U.S. citizen or Lawful Permanent Resident).
- Additionally, you must have listed ALL of your living children who are unmarried and under 21 years old. This includes your natural children, your spouse's children, or children you have formally adopted in accordance with the laws of your country.

***Failure to list an existing spouse or children at the time of your entry in the Diversity Visa lottery will cause the denial of your visa and visas for your family.***

- Any fees paid to the U.S. government in support of your visa applications are nonrefundable.
- If you did not include a child who was already born, or a spouse you were married to when you entered the lottery, you should not proceed with the visa application.
- You can review the eligibility requirements [online](#).
