## Medical Exam Instructions

All immigrant visa applicants, regardless of age, require a medical examination prior to the issuance of a visa. Only a physician accredited by the U.S. Embassy can perform this exam. **It is your responsibility to schedule a medical exam with the clinic listed below before your visa interview** at the U.S. Embassy. Medical examination results from other physicians will not be accepted.

### Approved physician

International Organization for Migration (IOM)  
IOM Migration Health Assessment Center (MHAC)  
768/4, Thirbam Sadak,  
Baluwatar-4 (next to the main IOM office)  
Open Monday - Friday 08:00 – 17:00, except national holidays.  
Tel: (+977) 01 44 17 219 and (+977) 01 44 29 599

### Items to bring to your medical examination

---

Bring the following items to your medical exam:

- Your visa interview letter,
- Your passport,
- Three (3) recently taken passport-sized color photographs,
- A copy of your immunization records,
- Previous chest x-rays if available, and
- Medical records for any chronic conditions you have or major medical/surgical treatment you had in the past.

The fee for adults (15 years and older) is USD 162 and for children (under 15 years) is USD 92. Any medical examination fees, including x-ray and blood test fees, must be paid directly to the examining physician in either U.S. dollars or Nepali rupees at the IOM exchange rate that month.

### During the medical exam

---

The medical examination will include a medical history review, physical examination, and chest X-ray, gonorrhea test, and blood test (for applicants 15 years of age or older). The United States also requires tuberculosis (TB) testing for all applicants two years of age and older. Please be prepared to discuss your medical history, medications you are taking, and current treatments you are undergoing. More information on general medical requirements for U.S. immigrants is available [here](#).

Children who are 2-14 years old must visit MHAC twice. On their first visit they will have the TB skin test. Results from that test will be available in two to three days and the child must return to the clinic for the full medical exam on that day. For this reason, children under 15 years of age **should not** come for their first visit on Thursdays.

U.S. immigration law requires immigrant visa applicants to obtain certain vaccinations prior to the issuance of a visa. Current immigrant visa vaccination requirements are available [here](#). You can also read Frequently Asked Questions about our medical examination requirements [online](#).

### After the medical exam

---

When your examination is completed, the doctor will send the report directly to the U.S. Embassy. Any x-rays taken will be given to you. You **DO NOT** need to bring the x-rays to your visa interview unless you suffer from tuberculosis (TB). However, you **must** carry the x-rays with you when you travel to the United States for the first time. The medical report must be less than six (6) months old when you enter the United States as an immigrant.

# Interview Guidelines

## Sending documents to the U.S. Embassy in Kathmandu

---

If you need to send us any documents, please DO NOT mail them to us. Instead, you must submit them in person at a Collection Centre and include a pre-printed cover sheet. You can find instructions online at [ustraveldocs.com/np/np-niv-documentsubmissioninfo.asp](https://ustraveldocs.com/np/np-niv-documentsubmissioninfo.asp).

## Rescheduling or cancelling your interview

---

If you are unable to attend your appointment, please email [consktm@state.gov](mailto:consktm@state.gov). **There may be a significant wait before the next available appointment**, so please attempt to attend the date already assigned. For some family-based and employment preference visa categories, a visa became available within the month you have been scheduled by NVC. DV applicants should be aware that visas are numerically limited and must be issued by September 30 of the program year. **There is no guarantee that a visa will still be available on the date of your rescheduled interview.** Please carefully consult the [Visa Bulletin](#) before you request to reschedule your interview.

**Please note:** Rescheduling is only possible on a date *after* your assigned appointment.

## Security screening procedures

---

All visitors to the U.S. Embassy in Kathmandu must follow certain security procedures. Any visitor who declines to be screened by U.S. Embassy security personnel will be unable to enter the embassy. To avoid delaying your entry and that of those in line behind you, please bring only what is required for your interview. You can read a detailed list of prohibited items online at [ustraveldocs.com/np-np-niv-securityinfo.asp](https://ustraveldocs.com/np-np-niv-securityinfo.asp).

## Accompanying persons

---

Attorneys are **not** permitted to accompany clients into the waiting room or to their interview. Only the following persons may accompany a visa applicant to their interview:

- Interpreter: Applicants may bring ONE interpreter if they do not speak English or Nepali.
- Special Needs Visitors: Applicants may bring ONE person to help if they are elderly, disabled, or a minor child.

## Immigrant visa fees

---

If you have not paid all required fees to the National Visa Center, please be prepared to pay these fees on the day of your interview. All fees may be paid in cash in either U.S. dollars or the Nepali rupee equivalent. *Please note that if you are found ineligible to receive a visa, the application fee cannot be refunded.* A complete list of fees can be found [here](#).

## Do not make travel plans outside of Nepal

---

If your visa is approved, we will keep your passport at the embassy while we prepare your immigration packet and print a visa for your passport. We will return your passport to you later via the Nepal Investment Bank Ltd. The consular officer will give you information about the return of your passport and documents during your interview. If you have to travel within Nepal while your passport is still with us, please make sure you have a valid picture ID other than your passport.

## After Your Visa Interview

A consular officer can make a decision on a visa application only after reviewing the formal application and interviewing the applicant. **There is no guarantee that you will receive a visa.** Do not sell your house, car or property, resign from your job or make non-refundable flight or other travel arrangements until you have received your immigrant visa.

### If more information is needed

---

Sometimes a consular officer is unable to make a decision on a visa application because he/she needs to review additional documents or the case requires further administrative processing. *When additional documents are requested*, the consular officer will give you a refusal letter that asks you to submit additional documents. The letter will include instructions on how to send those documents to the embassy.

*Administrative processing* takes additional time after the interview. Most administrative processing is resolved within 60 days. However, the timing varies based on the circumstances of each case. Before inquiring about the status of administrative processing, please wait **at least** 60 days after your interview.

### What happens after visa approval

---

**Passport, Visa, and Sealed Immigrant Packet** – We will place your immigrant visa on a page in your passport. Please review your visa to make sure there are no spelling errors. We will also give you a sealed envelope containing documents that you must give to U.S. immigration authorities when you arrive in the United States for the first time. **Do not open this envelope. You must carry it with you. Do not put it in your checked luggage.** If you receive X-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

**USCIS Immigrant Fee** – All individuals who are issued immigrant visas overseas must **pay an Immigrant Fee** to U.S. Citizenship and Immigration Services (USCIS) **prior to traveling** to the United States. This fee is for processing your residency status and printing your Permanent Resident Card. The only people exempt from paying this fee are: children entering the United States under the Hague Process, returning residents, and people traveling on a fiancé(e) (K) visa.

**When You Should Travel** – You must enter the United States *before* the expiration date on your visa, which is usually six months from the date of printing. Your visa cannot be extended and all fees are nonrefundable. The principal applicant must enter **before or at the same time** as other family members with visas. Unless they are eligible for benefits under the Child Status Protection Act, children who are issued a visa before turning 21 years of age must enter the United States **before** their 21<sup>st</sup> birthday to avoid losing their immigrant status.

**Getting a Green Card** – Your Form I-551 Permanent Resident Card, also known as a green card, will be automatically mailed to the address in the United States that you write in your visa application form. This is a very important document that proves you have permission to reside in the United States. *If you plan to travel outside the U.S. before your green card arrives:* Please consult [USCIS's](#) and [CBP's](#) websites for rules about what documents you need to re-enter the country. We also recommend you check with the airline to ensure you are in compliance with their rules. *Once your card is issued, you should not stay outside of the United States for more than one year. If you do, you will lose your status as a Lawful Permanent Resident.*

**Children's Issues** – In the United States, children are required to have certain vaccinations before they can enroll in school. We recommend that you bring your child's complete vaccination records with you to the United States. If your child is adopted, you have full custody as a result of a divorce, or you share custody with another parent, you should bring a copy of all applicable adoption or custody papers from the authoritative court in your home country. You will need these papers (translated into English) for issues such as school enrollment, medical care, and eventual citizenship.

**Information for New Immigrants** – Please visit the USCIS web page for helpful information on moving to the United States. You can read their publication "[Welcome to the United States: A Guide for New Immigrants](#)" online.

## Diversity Visa Applicants – Additional Information

If you are interviewing for a Diversity Visa (DV), all of the above instructions apply to you. Please schedule and attend a [medical examination](#) prior to your visa interview and gather the required documents.

*Below are additional instructions that apply **only** to DV applicants.*

### Bring to your interview

---

In addition to the documents listed on the [Pre-Interview Checklist](#) in this package, DV applicants should also bring the following items to your visa interview:

- Appointment information printed from the “Entrant Status Check” on the [E-DV website](#).
- Documents showing that you have either a qualifying high school education **OR** two (2) years of qualifying work experience in the five (5) years immediately prior to application (for the principal applicant only; more information is available [online](#)).
- Payment in cash of the \$330 Diversity Visa Application Fee for each applicant.

### Review your DV Lottery entry

---

Prior to your visa interview, we recommend that you review the data on your initial E-DV entry. On your initial E-DV application, you must have correctly entered your marital status. If you are legally married you must have listed your spouse, even if you are currently separated from him/her (unless your spouse is a U.S. citizen or Lawful Permanent Resident).

Additionally, you must have listed ALL of your living children who are unmarried and under 21 years old. This includes your natural children, your spouse’s children, or children you have formally adopted in accordance with the laws of your country.

***Failure to have listed an existing spouse or children at the time of your entry in the Diversity Visa lottery will result in the denial of your visa and visas for your family.*** Any fees paid to the U.S. government in support of your visa application(s) are nonrefundable. If you failed to include a child who had already been born, or a spouse to whom you were married when you entered the lottery, you should not proceed with the visa application. You can review the eligibility requirements [online](#).
