The medical report must be less than six months old when you enter the United States as an immigrant.
**Interview Guidelines**

**Rescheduling or cancelling your interview**

*Failure to bring all required documents could lead to significant delays to getting a visa.* Applicants who cannot complete the required documents checklist, or who know beforehand that they are unable to keep their appointment, should reschedule. You may reschedule the appointment by visiting the Embassy’s online service or calling (632)976-8500.

**Security screening procedures**

For the safety and security of all applicants and employees, visa applicants cannot bring cell phones or other electronic devices inside the Embassy. Make arrangements to leave your electronic equipment in a safe location off Embassy grounds during your interview. To avoid delaying your entry and that of those in line behind you, please bring only what is required for your interview.

**Accompanying persons**

Attorneys are not permitted to accompany clients into the waiting room or to their interview. The following persons may accompany a visa applicant to their interview:

- Applicants may bring ONE interpreter if they do not speak English or Filipino well enough for an interview.
- Applicants may bring ONE person to help if they are elderly, disabled, or a minor child.

**Immigrant visa fees**

If you have not paid all required fees to either the National Visa Center or via the appointment website, please be prepared to pay these fees on the day of your interview. All fees may be paid in either U.S. dollars or the Philippine peso equivalent. We accept cash and credit cards only. Please note that if you are found ineligible to receive a visa, the application fee cannot be refunded. A complete list of fees can be found here.

**Do not make travel plans outside of the Philippines**

If your visa is approved, we will keep your passport at the Embassy while we prepare your immigration packet and print a visa for your passport. We will return your passport to you later via courier services only. If you have to travel within the Philippines while your passport is still with us, please make sure you have a valid picture ID other than your passport.
After Your Visa Interview

A consular officer can make a decision on a visa application only after reviewing the formal application and interviewing the applicant. **There is no guarantee that you will receive a visa.** Do not sell your house, car or property, resign from your job, or make non-refundable flight or other travel arrangements until you have received your immigrant visa.

**If more information is needed**

Sometimes a consular officer is unable to make a decision on a visa application because he/she needs to review additional documents or the case requires further administrative processing. **When additional documents are requested,** the consular officer will give you a refusal letter that asks you to submit additional documents. The letter will include instructions on how to send those documents to the Embassy. **Administrative processing** takes additional time after the interview and varies based on the circumstances of each case. Please wait at least 60 days after your interview before inquiring about the status of administrative processing.

**What happens after visa approval**

**Passport, Visa, and Sealed Immigrant Packet** – We will place your immigrant visa on a page in your passport. Please review your visa to make sure there are no spelling errors. We will also give you a sealed envelope containing documents that you must give to U.S. immigration authorities when you arrive in the United States for the first time. **Do not open this envelope. You must carry it with you; do not put it in your checked luggage.** If you receive X-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

**USCIS Immigrant Fee** – All individuals who are issued immigrant visas overseas must **pay a $165.00 Immigrant Fee** to U.S. Citizenship and Immigration Services (USCIS) **prior to traveling** to the United States. This fee is for processing your residency status and printing your Permanent Resident Card. The only people exempt from paying this fee are: children entering the United States under the Hague Process, returning residents, and people traveling on a K visa.

**When You Should Travel** – You must enter the United States **before** the expiration date on your visa, which is usually six (6) months from the date of printing. Your visa cannot be extended and all fees are nonrefundable. The principal applicant must enter **before or at the same time** as other family members with visas. Unless they are eligible for benefits under the Child Status Protection Act, children who are issued a visa before turning 21 years of age must enter the United States **before** their 21st birthday to avoid losing their immigrant status.

**Getting a Green Card** – Your Form I-551 Permanent Resident Card, also known as a green card, will be automatically mailed to the address in the United States that you write in your visa application form. This is a very important document that proves you have permission to reside in the United States. **If you plan to travel outside the U.S. before your green card arrives:** Please consult USCIS’s and CBP’s websites for rules about what documents you need to re-enter the country. We also recommend you check with the airline to ensure you are in compliance with their rules. **Once your card is issued, you should not stay outside of the United States for more than one year. If you do, you will lose your status as a Lawful Permanent Resident.**

**Children’s Issues** – In the United States, children are required to have certain vaccinations before they can enroll in school. We recommend that you bring your child’s complete vaccination records with you to the United States. If your child is adopted, you have full custody as a result of a divorce, or you share custody with another parent, you should bring a copy of all applicable adoption or custodial papers from the authoritative court in your home country. You will need these papers (translated into English) for issues such as school enrollment, medical care, and eventual citizenship.

**Information for New Immigrants** – Please visit the USCIS web page for helpful information on moving to the United States. You can read their publication “**Welcome to the United States: A Guide for New Immigrants**” online.
