Interview Guidelines

Sending documents to the U.S. Embassy Nicosia, Cyprus

If during your interview the consular officer asks for additional documents, please DO NOT mail them to us directly. Instead, follow the instructions in the letter given to you by the Consular Officer.

Rescheduling or cancelling your interview

If you are unable to attend your appointment, please go to <https://ais.usvisa-info.com> to select a new appointment date. **There may be a significant wait before the next available appointment**, so please attempt to attend the date already assigned. For some family-based and employment preference visa categories, a visa became available within the month you have been scheduled by NVC. DV applicants should be aware that visas are numerically limited and must be issued by September 30 of the program year. **There is no guarantee that a visa will still be available on the date of your rescheduled interview.** Please carefully consult the [Visa Bulletin](#) before you decide to reschedule your interview.

Please note: *You need to register your original NVC/KCC appointment online before you can reschedule it. Rescheduling is only possible on a date after your assigned appointment.*

Security screening procedures

All visitors to the U.S. Embassy must follow certain security procedures. Any visitor who declines to be screened by U.S. Embassy security personnel will be unable to enter the embassy. To avoid delaying your entry and that of those in line behind you, please bring only what is required for your interview. Please read our [Access and Security Notice](#) online before your appointment to learn about items that are prohibited inside the consulate.

Accompanying persons

The following persons may accompany a visa applicant to their interview:

- Interpreter: If you require an interpreter please email ConsularNicosia@state.gov
- Special Needs Visitors: Applicants may bring ONE person to help if they are elderly, disabled, or a minor child.

Attorneys are **not** permitted to accompany clients into the waiting room or to their interview. Petitioners are not required to attend your interview.

Immigrant visa fees

Immigrant visa fees must be paid either to the National Visa Center or via the appointment website. All fees may be paid in U.S. Dollars or Euro. Pin payments and checks are not accepted. *Please note that if you are found ineligible to receive a visa, the application fee cannot be refunded.* A complete list of fees can be found via travel.state.gov.

Do not make travel plans outside of Cyprus

If your visa is approved, we will keep your passport at the embassy while we prepare your immigrant visa. We will return your passport to you later via courier services only. If you must travel within the Cyprus while your passport is still with us, please make sure you have a valid picture ID other than your passport.

After your visa interview

A consular officer adjudicates a visa application only after reviewing the formal application and interviewing the applicant. **There is no guarantee that you will receive a visa.** Do not sell your house, car or property, resign from your job, or make non-refundable flight or other travel arrangements until you have received your immigrant visa.

If more information is needed

Sometimes the Consular Officer is unable to make a decision on a visa application because he/she needs to review additional documents, or the case requires further administrative processing. *When additional documents are requested*, the Consular Officer will give you a refusal letter that asks you to submit additional documents. The letter will include instructions on how to send those documents to the Embassy.

Administrative processing takes additional time after the interview. Most administrative processing is resolved within 60 days. However, the timing varies based on the circumstances of each case. Before inquiring about the status of administrative processing, please wait **at least 60 days** after your interview.

What happens after visa approval

Passport, Visa, and Sealed Immigrant Packet – We will place your immigrant visa on a page in your passport. Please review your visa to make sure there are no spelling errors. We will also give you a sealed envelope containing documents that you must give to U.S. immigration authorities when you arrive in the United States for the first time. Do not open this envelope. You must carry it with you; do not put it in your checked luggage. If you receive x-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

Electronic Cases: Your IV packet will automatically be shared with CBP and USCIS electronically. You only need your passport with the immigrant visa and medical CD when you travel to the United States. If you receive x-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

USCIS Immigrant Fee – All individuals who are issued immigrant visas overseas must **pay an [Immigrant Fee](#)** to U.S. Citizenship and Immigration Services (USCIS) **prior to traveling** to the United States. This fee is for processing your residency status and printing your Permanent Resident Card. The only people exempt from paying this fee are: children entering the United States under the Hague Process, returning residents, and people traveling on a K visa.

When You Should Travel – You must enter the United States *before* the expiration date on your visa which is usually six months from the date of the medical examination. Your visa cannot be extended and all fees are nonrefundable. The **principal applicant** must enter **before or at the same time** as other family members with visas. Children who turn 21 years old *after* visa issuance must enter the United States before they turn 21 years old; otherwise they will lose their immigrant status.

After your visa interview

Getting a Green Card – Your Form I-551 Permanent Resident Card, also known as a green card, will be automatically mailed to the address in the United States that you write in your visa application form. This is a very important document that proves you have permission to reside in the United States. If you plan to travel outside the U.S. before your green card arrives, please consult [USCIS](#) and [CBP's](#) websites for rules about what documents you need to re-enter the country. We also recommend you check with the airline to ensure that you are in compliance with their rules.

Do not travel outside of the United States until you receive your Permanent Resident Card. Once your card is issued, you should not stay outside of the United States for more than one year. If you do, you will lose your status as a Lawful Permanent Resident.

Children's Issues – Children are required to have certain vaccinations before they can enroll in school in the United States. Therefore, we recommend that you bring your child's complete vaccination records with you to the United States. Additionally, if your child is adopted, you have full custody as a result of a divorce, or you share custody with the child's other parent, we recommend that you bring a copy of all applicable adoption or custodial papers from the authoritative court in your home country. You will likely need these papers (translated into English) in the United States for issues such as school enrollment, medical care, and eventual citizenship.

Information for New Immigrants – Please visit the USCIS web page for helpful information on moving to the United States. You can read their publication "[Welcome to the United States: A Guide for New Immigrants](#)" online.

Diversity Visa Applicants – Additional Information

If you are interviewing for a Diversity Visa (DV), all of the above instructions apply to you. Please schedule and attend a medical examination prior to your visa interview; enroll in the required courier service; and gather the required documents.

*Below are additional instructions that apply **only** to DV applicants.*

Bring to your interview

In addition to the documents listed on the Pre-Interview Checklist in this package, DV applicants should also bring the following items to your visa interview:

- Appointment information printed from the “Entrant Status Check” on the [E-DV website](#)
- Documents showing that you have either a qualifying high school education **OR** have two years of qualifying work experience in the last five years immediately prior to application (for the principal applicant only; more information is available via [travel.state.gov](#)).
- Diversity Visa Application Fee payment of \$330 must be paid in cash for each applicant.

Review your DV Lottery entry

Prior to your visa interview, we recommend that you review the data on your initial E-DV entry. On your initial E-DV application, you must have correctly entered your marital status. If you are legally married you must have listed your spouse, even if you are currently separated from him/her (unless your spouse is a U.S. citizen or Lawful Permanent Resident).

Additionally, you must list ALL of your living children who are unmarried and under 21 years old. This includes your natural children, your spouse’s children, or children you have formally adopted in accordance with the laws of your country.

Failure to have listed an existing spouse or children at the time of your entry in the Diversity Visa lottery will result in the denial of your visa and visas for your family. Any fees paid to the U.S. government in support of your visa application(s) are nonrefundable. If you failed to include a child who had already been born, or a spouse to whom you were married when you entered the lottery, you should not proceed with the visa application. You can review the eligibility requirements via [travel.state.gov](#).
